

Conditioning Towel

Includes
6 Exercises:

- p.2 Spine Twist
- p.2 Side Stretch
- p.2 Breast Stroke
- p.3 Hamstring Stretch
- p.3 Side Bend
- p.4 Kneeling Rotation

Our Conditioning Towel is made from high-quality microfiber material, making it lightweight and super-absorbent. Ideal for drying perspiration during a workout, this incredibly soft towel can also be used for a quick and invigorating workout on-the-go. Made of a polyester/polyamide blend, our towel out-performs ordinary cotton or polyester towels. The compact size and quick-drying design makes it perfect for the gym, studio and even for travel.

Spine Twist

Targets: Oblique abdominals and posterior shoulders.

Starting position: Seated on heels, spine upright and neutral, arms reaching forward holding near ends of Conditioning Towel.

INHALE To prepare.

EXHALE Pull one elbow back and rotate torso to that side, reaching other arm forward.

INHALE To stay.

EXHALE To return to the front and reach arms forward.

Complete 5-8 repetitions on each side, alternating.

Side Stretch

Targets: Oblique abdominals and posterior shoulders.

Starting position: Seated on heels, spine upright and neutral, arms reaching overhead holding near ends of Conditioning Towel.

INHALE To prepare.

EXHALE Reach one arm up to ceiling and the other arm down by the side, slightly side-bending torso.

INHALE To stay.

EXHALE To return to starting position.

Complete 5-8 repetitions on each side, alternating.

Breast Stroke

Targets: Upper back and posterior shoulders.

Starting position: Kneeling (or standing) on Mat, knees hip-distance apart, spine upright and neutral, arms reaching forward, holding near ends of Conditioning towel.

INHALE Flex elbows and pull towel toward shoulders, opening chest toward ceiling.

EXHALE Return to upright position.

Complete 8-10 repetitions.

Hamstring Stretch

Targets: Back of thigh.

Starting position: Seated on Mat, torso upright and neutral, one leg long, ankle flexed, other knee bent with foot against inside of opposite leg, holding ends of Conditioning Towel, wrapped around sole of foot.

INHALE Start to lean torso forward over long leg.

EXHALE Flex elbows and lean torso further over leg, lengthening the back of the thigh.

INHALE To stay.

EXHALE Pull elbows further toward shoulders and reach head toward knee.

INHALE Return to upright position.

Complete 3-5 repetitions on each side.

Modification: hold position for several breaths before returning to vertical.

Side Bend

Targets: Oblique abdominals and shoulders.

Starting position: Kneeling on Mat, knees hip-distance apart, spine upright and neutral, arms long, reaching overhead, holding ends of towel.

INHALE To prepare.

EXHALE Keep arms in the same relationship to head and side bend torso.

INHALE To stay.

EXHALE Return to upright position.

Complete 5-8 repetitions on each side.

Kneeling Rotation

Targets: Oblique abdominals and posterior shoulders.

Starting position: On hands and knees, spine neutral, knees hip-distance apart, hands directly under shoulders, holding ends of Conditioning Towel.

INHALE To prepare.

EXHALE Pull one elbow up toward ceiling, rotating torso to that side, following elbow with eyes.

INHALE Return to starting position.

Complete 5 repetitions on each side, alternating.
