Importance of Trademarks

Trademarks uniquely associate a product or service with a particular source, distinguishing it from the products and services of others. Because of their value, it is important for Merrithew to protect its trademarks.

In order to protect Merrithew trademarks (owned and licensed by Merrithew Corporation), the trademark must be used as a proper adjective followed by the common name of the product, as indicated with some examples below. The trademark should not be used as a noun or verb, nor should it be used in the possessive sense. This is to prevent our trademarks from becoming generic terms.

**How to use our Trademarks**

- If a trademark in the list below appears in ALL CAPS, please capitalize it in your materials.
- Licensees/distributors may use either the asterisk (*) or trademark/registered trademark (™/®) symbols to designate Merrithew Corporation or Merrithew trademarks. An asterisk is used to distinguish Merrithew Corporation trademarks from any other trademarks you use.
- Use an asterisk (*) or trademark/registered trademark (™/®) symbol after the first mention of each trademark in a document or the first mention on each page.
- In fine print at the bottom of your document, you must state:
  - ™ Trademark or registered trademark of Merrithew Corporation, used under license.
  - ®Trademark or registered trademark of Merrithew Corporation, used under license.

Please note: that in order to avoid confusion, Merrithew™, STOTT PILATES®, ZEN•GA®, CORE™ Athletic Conditioning & Performance Training™, Total Barre® and Halo® Training may not be used as part of your company name, trade name or business name.

**Registered Trademarks for United States/Rest of World Unless Otherwise Indicated**

Our current trademarks, registered and unregistered, are provided in this document. Please choose how to utilize our trademarks based on the country in which you promote your services.

- If communicating or promoting in both US and Canadian markets, please use the US trademarks.
- If communicating in other parts of the world use the US trademarks unless other country specific trademarks are noted.
- Please ensure the corresponding legal lines are used in the local language.

Digital Use of Trademarks

With the growth of digital marketing and social platforms, it is important that we create a consistent digital brand presence and ask that our partners support us in this effort. In order to avoid confusion, we do not permit the use of Merrithew™, STOTT PILATES®, ZEN•GA®, CORE™ Athletic Conditioning & Performance Training™, Total Barre® and Halo® Training to be used as part of your domain name, social media URL, profile name and handle, or email address.

**Use of Logos on Social Media, Websites and Digital Platforms**

- Only recognized Distributors, Licensed Training Centers, select Host Training Centers and Instructor Trainers may use Merrithew logos with permission. These logos may be used in posts but cannot be used as your social media icon, profile picture or cover photo.
